

# Field Demonstration

8505 W. Mountain View Lane • Littleton, Colorado

Tuesday  
June 6, 1-4 pm

Here's your chance to see the newest Geoprobe® machines and tools in action. Team Geoprobe will be demonstrating the newest dual tube sampler ... the DT325 Soil Sampler ... and the new MC5 Soil Sampler and more! Our newest machine ... the 7730DT ... will be the workhorse that pushes these tools in the ground.

*Don't miss this opportunity!*

New!

Geoprobe® 7730DT

New!

Site Map and Registration Form  
are enclosed. Register today!

HARD  
HATS  
are required.

Please bring one, if possible.

Why Geoprobe®?

because it works!
