

# DRILLMAX<sup>®</sup>

## DM250 Water Well Rig

**No CDL<sup>\*</sup>  
Required!**  
(Class A/B)

### EASY TO MOBILIZE

- Dodge 5500 chassis is equipped with Cummins diesel engine, automatic transmission and 4x4.
- A compact transport size makes the DM250 a good fit for residential work where limited access is a priority.

### SIMPLE & SAFE TO OPERATE

- The neatly laid out control panel includes an engine gauge, E-stop, hydraulic pressure gauges, friction control levers for mud pump and rotation circuits, and electronic throttle controls.
- The helper loads the drill pipe in the single rod loader using helper side controls to operate the jib and winch functions controls.

### POWERFUL & EFFICIENT

- Table assembly has clearance for 12 in. pvc casing and the holding fork and hydraulically operated adjustable breakout wrench make tripping out fast and safe.
- The tophead carriage uses rollers instead of slides providing smoother travel, easier maintenance, and longer life.
- Multiple mud and air compressor options include: 3L8, 5x5 duplex, centrifugal pumps, 85 cfm development air compressor.
